

SUPER YACHT VARNISH

Elastic and energy upgrade hybrid coating for roofs

04.2023 V.02

High quality, transparent, alkyd wood varnish for interior and exterior wood. Used for the protection of woods such as garden furniture, doors, wooden shutters as well as wooden yacht surfaces. It has great resistance to weather changes and protects from solar radiation. It is easily applied forming a transparent elastic membrane.

Matt

Satin

Gloss

Stir well before use

Coverage:
10-12 m²/lt

Drying time:
Touch dry after 4 to 6 hours.

Thinning
with White Spirit
at a percentage
up to 12% by
volume

Paint:
Roller

Paint:
Brush

Product Characteristics

- Very good adhesion.
- High coverage.
- Resistance to weather changes
- Protection from solar radiation
- Easy to apply.
- Great elasticity.
- Suitable for exterior and interior use
- Transparent
- Gloss, satin or matt finish

Shades

Available in colorless and in gloss, satin and matt finish.

Packaging:

0.75lt
2.5lt

Recommended application systems

Old and new surfaces

- **New Surfaces/ Already painted surfaces**

Preparation

Dust, pieces of wood, etc. are removed on new surfaces by rubbing with sandpaper. For already varnished surfaces, first rub with sandpaper and then clean with a cloth dipped in White Spirit. For varnished wood in poor condition, completely remove the old coating, using Barling's Paint Remover and then follow the same painting procedure, as in case of new wood.

Primer

For the protection of wood from fungus and insects apply wood stain Fungistop, following its protection instructions.

FUNGISTOP
1 coat

Final coating

For a uniform and impressive result apply 2 coatings of Super Yacht Varnish

SUPER YACHT VARNISH
2 coats
